

Horizontal Type Pesticide Packaging Line Automatic Bottle Unscrambler

Our Product Introduction

for more products please visit us on tom-packs.com

Basic Information

- Place of Origin: Changzhou, Changzhou
- Brand Name: TOM
- Certification: ISO9001:2000, ISO14001, OHSAS18001, CE, CO
- Model Number: LP-6C
- Minimum Order Quantity: 1 set
- Price: Negotiable
- Packaging Details: Non-fumigation wooden case inserted Iron Shelf, suitable for long time sea delivery
- Delivery Time: 30 working days for single machine
- Payment Terms: T/T

Product Specification

- Material: Stainless Steel 304
- Sorting Speed: 60-120bottles/minute
- Motor: Frequency Motor
- Place Of Origin: China (Mainland)
- Delivery Port: Shanghai, China
- Standard: Meet GMP Standard
- Service: Engineer Is Available To Install And Debug The Equipment At Customer Site.
- Highlight: Horizontal Type Pesticide Packaging Line, 60BPM Pesticide Packaging Line, 120BPM automatic bottle unscrambler

LP-6C Automatic Horizontal Type Bottle Unscrambler For Plastic Bottle And Plastic Jar, High Sorting Speed

**Major characteristics:**

This machine consists of bottle elevator, mainframe and conveyors. Adopts PLC control system to integrate each driving parts together. Parameters can be changed by touch screen to meet different required speed. Different bottles applicable just by changing turnplate inside the bowl, and other parts can be freely adjusted. This unit meets GMP standard, which made of SS304 and aluminum alloy. All driving areas are covered by protection door, which makes machine more safety and friendly-environmental.

Technical Parameter:

No.	Items	performance
01	Bottle spec.	Capacity
	1000ml	80 bottles/minute
	500ml	100 bottles/minute
	50ml-200ml	120bottles/minute
02	Bottle diameter	Φ30mm~Φ100mm
03	Bottle height	100mm~300mm
04	Power supply	AC 380V, 50Hz
05	Power	2.2 Kw
06	Conveyor height	950mm±50mm (may customized)
07	HMI interface height	1400mm from ground
08	Bottle hopper volume	≥500 bottles
09	Noise	≤80 dB
10	Machine dimension (L×W×H)	4700mm×2050mm×2500mm
11	Machine weight	About 1500 Kg

1. Machine details:

Compact structure, sample, Covers a small area, debugging/adjust are very easy.

All plexiglass are equipped with induction switch, plexiglass cover to be completely closed and then the machine will be start running, any plexiglass door open, the machine stops running, safe and reliable.

2. When changing bottles, don't need to change any moulds, 100ml-1000nl bottles are can be used on this machines. Easy and fast to adjust,when changing different bottle specification, only changed the belt's quantities and the distance of the spare parts.

3. Fall down bottle rejecting system

The machine equipped with the bottle-removing device, when the outlet bottle fall down, the photoelectricity detected and the cylinder reject the fall down bottles into bottle elevator

Delivery: packed by wooden case and delivery to Shanghai Port, the wooden case is suitable for long-term sea delivery
