Stainless Steel 304 Automatic Pick Up Bottle Top Load Case Packer

Our Product Introduction

Basic Information

- Place of Origin: Changzhou, Changzhou
- Brand Name: TOM
- Certification: ISO9001:2000, ISO14001, OHSAS18001, CE, CO
- Model Number: ZZP-2NA
- Minimum Order Quantity: 1 set
- Price: Negotiable
- Packaging Details: Non-fumigation wooden case inserted Iron Shelf, suitable for long time sea delivery
- Delivery Time: 30 working days for single machine
- Payment Terms: T/T

Product Specification

- Material: Stainless Steel 304
- Packaging Speed: 8-16cartons/minute
- Motor: Frequency Motor
- Place Of Origin: China (Mainland)
- Delivery Port: Shanghai, China
- Standard: Meet GMP Standard
- Service: Engineer Is Available To Install And Debug The Equipment At Customer Site.
- Highlight: **Bottle top load case packer**, **Automatic top load case packer**, **SS304 top case packer**

Our Product Introduction

Product Description

Automatic Carton Box Grab Type Box Packing Machine For Carboard Paper Carton

for more products please visit us on tom-packs.com

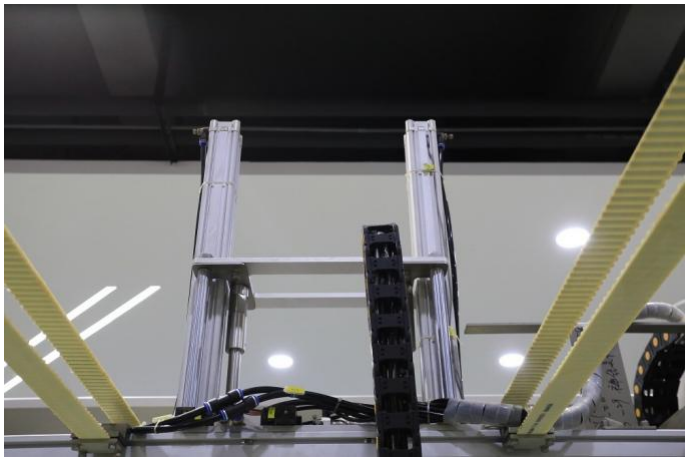
Major characteristics:
This machine consists of electrical control system, conveyor, photoelectric device, bottle turning device, bottle pushing device, buffering device, translation device, the box device, lifting device and transmission mechanism.
Electric control part consists of PLC and VVVF. It has strong control ability and high integration level. The application of touch screen technology makes it reliable and convenient for operation. Besides, touch screen makes it even friendlier in HMI. We employ advanced sensing elements in photoelectric sensor and encoder that displays the perfect mechatronics.

Technical Parameter:

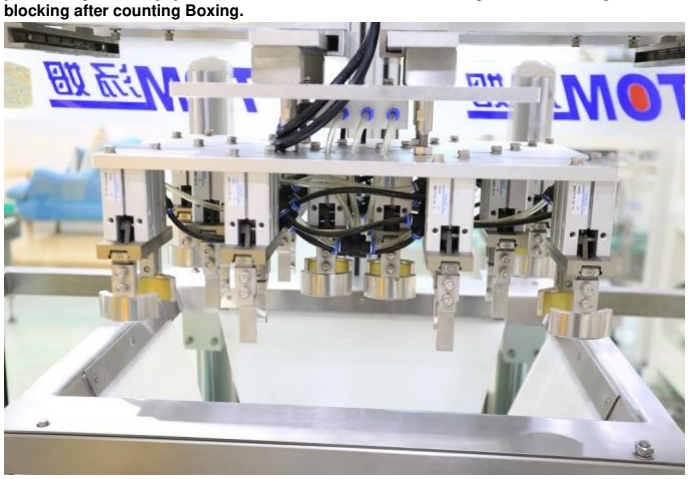
No.	Items	Performance
01	Carton Size	L:200-500 W:150-400mm H:100-450mm
02	Speed	15-20 carton/min
03	Machine dimension	2400mm×1650mm×2800mm
04	Power supply	380V ;50Hz
05	Power	4KW
06	Air source	0.6Mpa stable and clean compressed air
07	Machine weight	About 1500kg

Machine details:
Different bottle use different gripper

Belt drive in the horizontal direction, chain drive in the vertical direction, high-precision linear guides, low resistance, accurate bottle delivery to the packing position, ensuring work stability, accuracy, convenient maintenance and long service life.



Dedicated packing gripper, effective gripping without leaking and damage to the bottle cap, servo motor drive, high positioning accuracy; photoelectric detection for bottle feeding and box feeding, automatic bottle blocking and box blocking after counting Boxing.



Delivery: packed by wooden case and delivery to Shanghai Port, the wooden case is suitable for long-term sea delivery
