

220V Pesticide Semi Automatic Powder Filling Machine For 10g-500g Bag

Our Product Introduction

for more products please visit us on tom-packs.com

Basic Information

- Place of Origin: Changzhou, China
- Brand Name: TOM
- Certification: ISO9001:2000, ISO14001, OHSAS18001, CE, CO
- Model Number: FJ-1B
- Minimum Order Quantity: 1
- Price: Negotiable
- Packaging Details: Non-fumigation Wooden Case inserted Iron Shelf, Suitable for Long Time Sea Delivery
- Delivery Time: 45 WORKING DAYS
- Payment Terms: T/T
- Supply Ability: 25SETS/MONTHLY

Product Specification

- Material: SS304 Or SS316L
- Pneumatic Element: Airtac
- Electronic Element: Siemens, Schneider Or Panasonic
- Powder Hopper: Including
- Filling Material: Powder
- Highlight: Pesticide semi automatic powder filling machine, 220V semi automatic powder filling machine, 500g powder filler

Product Description

Automatic PLC Controlled Horizontal Pesticide Power Filling And Sealing Machine With High Speed

Major characteristics:

This type of machine is suitable for the weighing packing of small granule and superfine powder, calculate accuracy, work stable and reliable, controlled by PLC program, touch screen, servo motor. This type of machine is found in the weighing packing in many industries from wheat flour, chemical, agriculture chemical and pharmaceutical.

The part, which contact with filling materials, is made of stainless steel conforming to GMP standard

Technical parameters:

No.	Items	Performance
01	Power supply	AC 220V; 50Hz
02	Power	1.5 kW
03	Suitable materials	superfine granule and powder material
04	Packing weight	5g ~1000g (adjustable)
05	Packing precision	1.5%
06	Packing speed	15 bags ~ 20 bags /min
07	Machine weight	280 kg
08	Machine dimensions (L×W×H)	800mm × 600mm × 2000mm

Our Product Introduction

Machine details:

This machine is suitable for small sachet packing, for filling powder, small and simple structure, save space.

This is powder elevator which is match to semi-auto powder filling machine, when the machine hopper is lack of powder, the elevator will start work, when the machine hopper powder is full, the elevator will stop work.

This semi-auto powder filling machine can also add powder mixer and dust collector which can keep workshop clean and tidy.

Suitable product:

Here's the different material feeding device, dust collector and other auxiliary machines, can meet different requirements of customers

Auxiliary Machine Series

袋包机辅机及辅助装置

Here's the different material filling hopper and filling tank, if the filling material is powder, then machine will use screw hopper, if the filling material is liquid, then machine will use filling tank, if the filling material is granule or other bulk solid, the machine will use weighing head

Packaging & Shipping

The machine is packed by non-fumigation wooden case, and for keeping the wooden case more secure, we inserted the iron support inside wooden case, makes it suitable for long-term sea delivery.

Tom's logistic department will load the goods into container directly in Tom factory
