

Pesticide Powder Filling Machine Semi Automatic For 1kg-5kg Bag Pesticide Filling Machine

Our Product Introduction

for more products please visit us on tom-packs.com

Basic Information

- Place of Origin: Changzhou, China
- Brand Name: TOM
- Certification: ISO9001:2000, ISO14001, OHSAS18001, CE, CO
- Model Number: FJ-1B
- Minimum Order Quantity: 1
- Price: Negotiable
- Packaging Details: Non-fumigation Wooden Case inserted Iron Shelf, Suitable for Long Time Sea Delivery
- Delivery Time: 45 WORKING DAYS
- Payment Terms: T/T
- Supply Ability: 25SETS/MONTHLY

Product Specification

- Material: SS304 Or SS316L
- Pneumatic Element: Airtac
- Electronic Element: Siemens, Schneider Or Panasonic
- Powder Hopper: Including
- Filling Material: Powder
- Filling Range: 1kg-5kg
- Highlight: Pesticide powder filling machine, powder filling machine Semi Automatic, 5kg powder packing machine

Product Description

Automatic PLC Controlled Horizontal Pesticide Power Filling And Sealing Machine With High Speed

Our Product

Major characteristics:

This type of machine is suitable for the weighing packing of small granule and superfine powder, calculate accuracy, work stable and reliable, controlled by PLC program, touch screen, servo motor. This type of machine is found in the weighing packing in many industries from wheat flour, chemical, agriculture chemical and pharmaceutical.

The part, which contact with filling materials, is made of stainless steel conforming to GMP standard

Technical parameters:

| No. | Items | Performance |
|-----|----------------------------|---------------------------------------|
| 01 | Power supply | AC 220V; 50Hz |
| 02 | Power | 1.5 kW |
| 03 | Suitable materials | superfine granule and powder material |
| 04 | Packing weight | 1kg-5kg (adjustable) |
| 05 | Packing precision | 1.5% |
| 06 | Packing speed | 10bags ~ 15 bags /min |
| 07 | Machine weight | 280 kg |
| 08 | Machine dimensions (L×W×H) | 800mm × 600mm × 2000mm |

Machine details:

This machine is suitable for small sachet packing, for filling powder, small and simple structure, save space.

This is powder elevator which is match to semi-auto powder filling machine, when the machine hopper is lack of powder, the elevator will start work, when the machine hopper powder is full, the elevator will stop work.

This semi-auto powder filling machine can also add powder mixer and dust collector which can keep workshop clean and tidy.

Suitable product:

Here's the different material feeding device, dust collector and other auxiliary machines, can meet different requirements of customers

Auxiliary Machine Series

袋包机辅机及辅助装置

Here's the different material filling hopper and filling tank, if the filling material is powder, then machine will use screw hopper, if the filling material is liquid, then machine will use filling tank, if the filling material is granule or other bulk solid, the machine will use weighing head

粉体下料装置
Powder filling device

液体气动 / 伺服活塞下料装置
Liquid pneumatic/servo piston feeding device

液体自流下料装置
Liquid gravity filling device

单 / 双管喂料机
Single/double pipe feeding machine

伺服转子泵下料装置
Servo rotor pump feeding device

真空上料机
Vacuum material feeding machine

平步带输送机
Belt conveyor

量杯颗粒下料装置
Cup granular filling device

组合秤下料装置
Composite scale filling device

125-126

Packaging & Shipping

The machine is packed by non-fumigation wooden case, and for keeping the wooden case more secure, we inserted the iron support inside wooden case, makes it suitable for long-term sea delivery.

Tom's logistic department will load the goods into container directly in Tom factory
