

Durable and Efficient Pesticide Packaging Line Featuring Stainless Steel Construction

Our Product Introduction

for more products please visit us on tom-packs.com

Basic Information

- Place of Origin: China
- Brand Name: TOM
- Certification: ISO,CE
- Model Number: DGO-Z-20D
- Minimum Order Quantity: 1
- Price: negotiable
- Packaging Details: seaworthy packing
- Delivery Time: 30-45working days
- Payment Terms: T/T
- Supply Ability: 30 set per month

Product Specification

- Packaging Type: Bottle, Can, Etc.
- Power Supply: 220V/50Hz
- Type: Automatic
- Warranty: 1 Year
- Weight: 1500KG
- Operator: 1
- Packaging Size: Customized
- Control System: PLC
- Highlight: **PLC Pesticide Packaging Line,
2.5KW Pesticide Packaging Line,
220V Pesticide Packing Machine**

Product Description:

The **Pesticide Packaging Line** is an integrated pet bottle filling and packing machine that is designed to accurately fill and pack a variety of pesticide products. It is equipped with an advanced PLC control system and a user-friendly interface to ensure efficient operation and low maintenance costs. The machine has a dimension of 2000*1200*2300mm and operates at a power supply of 220V/50Hz. It is built with superior quality components and comes with a one year warranty for maximum customer satisfaction. With its high-precision filling and packing capabilities, the Pesticide Packaging Line is the ideal choice for pet bottle filling and packing needs.

Features:

Product Name: Pesticide Packaging Line
 Packaging Type: Bottle, Can, Etc.
 Warranty: 1 Year
 Power Consumption: 2.5KW
 Material: Stainless Steel
 Power Supply: 220V/50Hz
 Pesticide Packing Machine
 Piston Filling Machine
 Liquid Filling Machine

Technical Parameters:

Parameters	Details
Product Name	Pesticide Packaging Line
Dimension	2000*1200*2300mm
Material	Stainless Steel
Packaging Size	Customized
Operator	1
Weight	1500KG
Control System	PLC
Packaging Type	Bottle, Can, Etc.
Power Consumption	2.5KW
Warranty	1 Year
Special Feature	Fast Speed Filling Machine, Pesticide Packing Machine

Applications:

Pesticide Packaging Line

TOM's DGO-Z-20D Pesticide Packaging Line is an ideal choice for fast and accurate filling of various types of liquid containers, including bottles, cans, and more. This automatic filling machine is equipped with an advanced PLC control system that ensures precise operation and high filling accuracy. It is highly efficient with a power consumption of only 2.5KW and can fill up to 30 containers per minute. The piston filling machine is designed to provide fast and accurate filling and can be used for a variety of liquids, including pesticides. It is capable of filling containers ranging from 1 to 10 liters in size.

The packaging line is certified with ISO and CE standards for quality assurance and safety. It has a weight of 1,500kg, and its minimum order quantity is 1 unit. The packaging type is adjustable, and the delivery time is 30-45 working days. The price is negotiable and the payment terms are T/T. The supply ability is 30 sets per month.

TOM's DGO-Z-20D Pesticide Packaging Line is the perfect choice for accurate and fast filling of containers for various types of liquids. The advanced PLC control system ensures precise operation and high filling accuracy, making it a reliable and efficient solution for filling pesticides and other liquids.
