Basic Information

- Place of Origin: China
- Brand Name: TOM
- Certification: ISO,CE
- Model Number: DGO-Z-20D
- Minimum Order Quantity: 1
- Price: negotiable
- Packaging Details: seaworthy packing
- Delivery Time: 30-45working days
- Payment Terms: T/T
- Supply Ability: 30 set per month

Product Specification

- Packaging Size: Customized
- Control System: PLC
- Operator: 1
- Dimension: 2000*1200*2300mm
- Power Consumption: 2.5KW
- Type: Automatic
- Weight: 1500KG
- Packaging Type: Bottle, Can, Etc.
- Highlight: PLC Pesticide Packing Machine,
2.5KW Automatic Pesticide Packing Machine,
220V Pesticide Packaging Line

Product Description

Product Description:

The Pesticide Packaging Line is an automatic piston filling machine with a power consumption of 2.5KW, suitable for filling 50-1000ml containers. It is an ideal choice for companies in the pesticide industry, allowing them to quickly and accurately fill containers with pesticides. The machine is operated by one person and is powered by 220V/50Hz. It comes with a 1-year warranty and offers high filling accuracy and speed.

This machine is equipped with a piston filling machine, which is a versatile device designed to fill various kinds of liquids, including pesticides, into containers. The piston filling machine has a high filling accuracy and speed, and is also easy to operate. It is also equipped with multiple nozzles for different sizes of containers, ensuring that the containers are filled with the exact amount of liquid. The Pesticide Packaging Line is a reliable and efficient machine for filling containers with pesticides. It is designed for fast, accurate and safe filling, and is an ideal choice for companies in the pesticide industry. The machine comes with a 1-year warranty and is powered by 220V/50Hz. It is easy to operate and offers high filling accuracy and speed.

Features:

Product Name: Pesticide Packaging Line

Control System: PLC

Type: Automatic

Operator: 1

Material: Stainless Steel

Pesticide Packing Machine

Pet Bottle Filling Machine

Technical Parameters:

Attribute	Value
Packaging Size	Customized
Dimension	2000*1200*2300mm
Power Supply	220V/50Hz
Packaging Type	Bottle, Can, Etc.
Packaging Capacity	1000-8000 Bottle/hour
Material	Stainless Steel
Product Name	Pesticide Packaging Line
Type	Automatic
Power Consumption	2.5KW
Warranty	1 Year
Pet Bottle Filling Machine	50-1000ml, Fast Speed Filling Machine

Applications:

The TOM DGO-Z-20D pesticide packaging line is a fully automatic filling machine that is designed to quickly and accurately fill various types of pesticide bottles. It has a wide range of applications, and is certified by ISO and CE. The machine is powered by 220V/50Hz, and has a power consumption of 2.5KW. The machine comes with a 1 year warranty, and requires only 1 operator to operate. It is also highly customizable, and can be adjusted to fit different packaging sizes. The minimum order quantity is 1, and the price is negotiable depending on the order. The delivery time is usually 30-45 working days, and the packaging is done in a seaworthy packing. The TOM DGO-Z-20D is highly durable and reliable, and has a supply capacity of up to 30 sets per month.

The TOM DGO-Z-20D pesticide packaging line is an ideal solution for those who require a fast and efficient bottle filling machine line. It is designed to quickly and accurately fill various types of pesticide bottles, and is perfect for companies that require large amounts of pesticide to be filled. The machine is highly customizable, and can be adjusted to fit different packaging sizes. The machine is also highly durable and reliable, and has a supply capacity of up to 30 sets per month. The TOM DGO-Z-20D is certified by ISO and CE, and comes with a 1 year warranty. The delivery time is usually 30-45 working days, and the packaging is done in a seaworthy packing. With its high performance and reliable design, the TOM DGO-Z-20D is the perfect solution for any company looking for a fast and efficient bottle filling machine line.

Customization:

Customized Pesticide Packaging Line

Brand Name: TOM

Model Number: DGO-Z-20D

Delivery Time: 30-45working days
Payment Terms: T/T
Supply Ability: 30 set per month
Dimension: 2000*1200*2300mm
Product Name: Pesticide Packaging Line
Weight: 1500KG
Power Supply: 220V/50Hz
Warranty: 1 Year
Special Feature: Fully Automatic Filling Machine for 50-1000ml, Piston Filling Machine

Support and Services:

We provide technical support and service for our **Pesticide Packaging Line** product. Our technical support team is available to answer your questions and provide assistance with installation, maintenance and troubleshooting. We also offer a range of services, including on-site training and maintenance, customized software solutions, and ongoing product support. We strive to provide the best customer service and support to ensure that you get the most out of your product.

Packing and Shipping:

Packaging and Shipping for Pesticide Packaging Line

The pesticide packaging line is designed for automated and efficient packaging of pesticide products. The packaging process includes the following steps:

Labeling the pesticide containers with product information and safety warnings

Filling the containers with the appropriate amount of pesticide

Capping the containers

Packaging the containers in protective boxes

Loading the packages into shipping containers

Securing the shipping containers for transport

The packaging and shipping process is designed to ensure that the pesticide products arrive at their destination in perfect condition and that all safety precautions are taken during the packaging and shipping process.
