

## Efficient Shampoo Filler Machine With Customizable Filling Capacity

Our Product Introduction

for more products please visit us on [tom-packs.com](http://tom-packs.com)

### Basic Information

- Place of Origin: China
- Brand Name: TOM
- Model Number: DGP-Z
- Minimum Order Quantity: 1 Set
- Packaging Details: Plywood case
- Delivery Time: 30 working days

### Product Specification

- Control System: PLC Control
- Material: 304/316L Stainless Steel
- Filling Accuracy:  $\pm 1\%$
- Power Consumption: 2KW
- Filling Capacity: 50-1000ml
- Air Pressure: 0.6-0.65Mpa
- Machine Size: 2000\*1200\*2300mm
- Power Supply: 220V/50Hz Or Can Design
- Highlight: Customizable Shampoo Filler Machine, SS316L Shampoo Filler Machine, 220V 50Hz Shampoo Filling Machine

### Product Description:

Our Shampoo Filling Machine is an automated machine designed to fill and cap shampoo products. It is made of 304/316L stainless steel material, and is powered by a 2KW power consumption. It is a PLC control system and has a power supply of 220V/50Hz or can be designed according to customer needs. The filling accuracy of the machine is  $\pm 1\%$ , and it is the perfect choice for shampoo filling, capping and packaging solutions.

Our Shampoo Filling Machine is suitable for filling all types of shampoo products. It is easy to operate and maintain and can provide reliable and efficient production operations. It has a wide range of features including automatic filling, capping, labeling, and packaging. It is also equipped with a variety of safety features to ensure the safety and quality of the product.

Our Shampoo Filling Machine is designed for high-speed and efficient operation. It is capable of filling and capping shampoo products accurately and quickly. This machine is ideal for mass production and can be used for a variety of shampoo products, including gels, liquids, lotions, and creams. It is a reliable and cost-effective machine for shampoo filling, capping and packaging.

### Features:

Product Name: Shampoo Filling Machine

Power Consumption: 2KW

Filling Nozzle: 4/6/8/10/12/16/20

Filling Speed: 30-100 Bottles/Min

Air Pressure: 0.6-0.65Mpa

Air Consumption: 400L/minute

Shampoo Packaging Machine

Shampoo Capping Machine

Shampoo Automated Machine

### Technical Parameters:

| Parameter        | Value                    |
|------------------|--------------------------|
| Material         | 304/316L Stainless Steel |
| Power Supply     | 220V/50Hz Or Can Design  |
| Product Name     | Shampoo Filling Machine  |
| Operation System | Touch Screen             |
| Filling Nozzle   | 4/6/8/10/12/16/20        |
| Air Pressure     | 0.6-0.65Mpa              |
| Filling Speed    | 30-100 Bottles/Min       |
| Filling Accuracy | $\pm 1\%$                |
| Filling Capacity | 50-1000ml                |
| Control System   | PLC Control              |

### Applications:

TOM's DGP-Z Shampoo Filling Machine is a perfect choice for businesses that require high-speed filling and capping of shampoo bottles with precision and accuracy. It is made of 304/316L stainless steel and comes in a size of 2000\*1200\*2300mm. With a PLC control system and a touch screen operating system, it provides reliable and fast operation with an air consumption of 400L/minute. The automated Shampoo Filling Machine is designed to fill and cap shampoo bottles with precision and accuracy, providing a professional and efficient packaging solution. It can also be used for sealing the bottles, completing the whole process of shampoo packaging. The Shampoo Automated Machine is widely used in the cosmetics, food, pharmaceutical, and other industries and is an ideal choice for businesses that require fast and accurate shampoo filling and capping.

### Customization:

Customized Shampoo Filling Machine – TOM DGP-Z

**Brand Name:** TOM

**Model Number:** DGP-Z

**Place of Origin:** China

**Power Supply:** 220V/50Hz or Can Design

**Machine Size:** 2000\*1200\*2300mm

**Air Consumption:** 400L/minute

**Operation System:** Touch Screen

**Machine Weight:** 1800KG

**Application:** Shampoo Bottling Machine, Shampoo Automated Machine

### Support and Services:

Shampoo Filling Machine Technical Support and Service:

Online technical support and assistance on setup, operation, and maintenance.

Regular machine maintenance and inspection services.

Troubleshooting and repairs of any malfunctions.

Replacement parts and components.

On-site product training.

### **Packing and Shipping:**

Packaging and Shipping of Shampoo Filling Machine:

The shampoo filling machine is packaged securely in a cardboard box with styrofoam padding and filled with airbags, ensuring that it is safe and secure during transport.

The box is then sealed with packing tape and a shipping label is attached. The shipment is sent via a trusted and reliable courier service.

The tracking information is provided to the customer so they can track the shipment.
