

## Bag Packaging Machine With $\pm 0.2\%$ Weighing Accuracy And 25kg-50kg Filling Range

### Our Product Introduction

for more products please visit us on [tom-packs.com](http://tom-packs.com)

#### Basic Information

- Place of Origin: China
- Brand Name: TOM
- Certification: ISO9001
- Model Number: DCS-25A
- Minimum Order Quantity: 1 unit
- Price: Negotiate
- Packaging Details: wooden case
- Delivery Time: 2 months
- Payment Terms: T/T
- Supply Ability: 10 UNITS

#### Product Specification

- Machine Material: SS304
- PLC Control: Yes
- Weighing Accuracy:  $\pm 0.2\%$
- Packing Speed: 300bags/hour
- Bag Filling Range: 25kg-50kg
- Filling Style: Weighing Type
- Highlight: 25kg Bag Packaging Machine,  
SS304 Material Bag Packaging Machine,  
300bags/hour Chemical Packing Machine

## Product Description:

Veterinary Medicine Powder Packaging Machine is an advanced automatic bag packaging machine specially designed for Veterinary Medicine powder. This machine adopts Weighing Type filling, and is equipped with advanced PLC control system, providing high weighing accuracy of  $\pm 0.2\%$ . It has wide bag filling range, from 25kg to 50kg. With its high speed of 300bags/hour, it is suitable for quick and efficient powder bag packaging needs.

## Features:

Product Name: Chemical Packaging Machine

Weighing accuracy:  $\pm 0.2\%$

Bag filling range: 25kg-50kg

PLC control: Yes

Packing speed : 300bags/hour

Filling style: Weighing Type

Specialty: Powder Bag Packaging Machine, Bag Packaging Machine, Powder Bag Packaging Machine, Chemical Bag Packaging Machine

## Technical Parameter

| No. | Name                 | Parameter   |
|-----|----------------------|---|
| 01  | Model                | DCS-25A   |
| 02  | Packing speed        | 300-475 bags/hour   |
| 03  | Weighing style       | Hopper net weight type  |
| 04  | Single Bag weight    | 25kg  |
| 05  | Weighing accuracy    | $\pm 0.2\%$   |
| 06  | Machine material     | Mainly SS304  |
| 07  | Weighing instruction | he weighing bucket uses three sensors (METTLer Toledo) to set the surface, which is not affected by the hopper switch and affects the measurement accuracy. |

## Applications:

The TOM DCS-25A Chemical Packaging Machine is an ideal choice for many different industries. It is designed to fill and package a variety of different materials, including fish feedstuff, veterinary medicine powder, and other powders. It is a powerful and efficient machine, and it is certified by ISO9001. With PLC control, it is capable of providing accurate filling and packaging with a maximum speed of 300bags/hour and a weighing accuracy of  $\pm 0.2\%$ . The machine is made of SS304 material, which ensures its long-term durability. It also comes with a minimum order quantity of 1 unit and a competitive price. The delivery time is within 2 months after payment, and the packaging details are wooden case. The TOM DCS-25A Chemical Packaging Machine is a reliable, efficient, and cost-effective solution for many different industries.

## Customization:

We offer custom-made **Fish feedstuff filling machine, bag packaging machine, Veterinary Medicine powder packaging machine**, with brand name TOM, model number DCS-25A, certified by ISO9001. The minimum order quantity is 1 unit, and the price is negotiable. The packaging is wooden case, and the delivery time is 2 months. Payment terms are T/T. The supply ability is 10 units, with weighing accuracy of  $\pm 0.2\%$ , PLC control, packing speed of 300bags/hour, and machine material of SS304. The filling style is Weighing Type.

## Support and Services:

Chemical Packaging Machine Technical Support and Services

Our technical support and services for the Chemical Packaging Machine will ensure that you get the most out of your product. We provide the following services:

Installation services

Operator and maintenance training

On-site support and troubleshooting

Online and phone technical support

Remote monitoring and diagnostics

Periodic maintenance and upgrades

Parts and accessories

Replacement and repair services

We are dedicated to providing you with the best technical support and services. Our team of professionals is available around the clock to answer any questions and address any issues you may have with your Chemical Packaging Machine.

## Packing and Shipping:

Packaging and Shipping

The Chemical Packaging Machine comes with a cardboard box for packaging and shipping. The box is made of strong cardboard, which provides a secure and safe environment for the machine during shipping. The box is large enough to fit the machine and accessories, such as the manual, power cord, and any other items that come with the machine. The box is also labeled with the machine's product name and information, so that it can be easily identified when it arrives at its destination.

## FAQ:

Q: What is the Brand Name of the Chemical Packaging Machine?

A: The Brand Name of the Chemical Packaging Machine is TOM.

Q: What is the Model Number of the Chemical Packaging Machine?

A: The Model Number of the Chemical Packaging Machine is DCS-25A.

Q: Where is the Chemical Packaging Machine made?

A: The Chemical Packaging Machine is made in China.

Q: What kind of Certification does the Chemical Packaging Machine have?

A: The Chemical Packaging Machine is ISO 9001 Certified.

Q: How many units can be supplied?

A: The Chemical Packaging Machine can supply up to 10 units.
