Basic Information

- Place of Origin: China
- Brand Name: TOM
- Model Number: DGP-Z

Product Specification

- Weight Of Machine: 1250kg
- Filling Precision: $\pm 2g(500g)$
- Bottle Size: 50ml-1L Or 1-5L
- Filling Material: Edible Oil
- Machine Brand: TOM
- Control System: PLC
- Control: Servo Motor Control Filling Volume
- Operation: Automatic
- Highlight: **Premium Quality edible oil filling machine,
Comfortable Fit edible oil filling machine,
Custom Design edible oil filling machine**

Product Description:

Weighing in at 1250kg, this machine is built to handle the demands of your production line. Its sturdy construction ensures longevity and durability for years to come.

As a liquid filling machine, it is designed to handle a range of edible oils, including olive oil, with ease. The machine's servo motor drive ensures accuracy and consistency in every fill, reducing waste and increasing efficiency in your production process.

The machine is equipped to handle plastic screw caps, making it a versatile option for your packaging needs. Whether you're filling bottles or containers, this machine can handle the job.

With the TOM brand name, you can trust in the quality and reliability of this machine. It has been designed and manufactured with attention to detail and with the needs of the customer in mind.

Investing in the Edible Oil Filling Machine from TOM is a smart choice for any business in need of an efficient and effective solution for their olive oil packing or edible oil filling needs. Don't hesitate to contact us for more information or to place an order today!

Features:

Product Name: Edible Oil Filling Machine

Filling Material: Edible Oil

Bottle Size: 50ml-1L Or 1-5L

Control System: PLC

Filling Way: By Piston And Servo Motor

Operation: Automatic

This Edible Oil Filling Machine is perfect for a corn oil filling line or any other type of oil filling capping needs. The oil filling line is designed to efficiently fill bottles ranging from 50ml to 1L or 1-5L. The machine is equipped with a PLC control system and operates automatically using a piston and servo motor filling system.

Technical Parameters:

Machine Brand	TOM
Operation	Automatic
Bottle Size	50ml-1L Or 1-5L
Filling Way	By Piston And Servo Motor
Showroom Location	Changzhou City, Jiangsu Province, China
Filling Precision	±2g(500g)
Filling Accuracy	±0.5%
Control	Servo Motor Control Filling Volume
Filling Material	Edible Oil
Package	Wooden Case

Applications:

With a weight of 1250kg, this machine is built to last and can handle high-volume production with ease. Its automatic operation ensures consistent filling precision of ±2g(500g), making it ideal for use in commercial and industrial settings where accuracy is crucial.

The TOM DGP-Z Edible Oil Filling Machine is designed to make your packaging process faster, more efficient, and more cost-effective. It comes with a wooden case package that ensures the machine stays safe during shipping and handling.

Whether you are a small business owner or a large corporation, this machine is a great investment that will help you increase your production output and streamline your packaging process. It is also a perfect solution for those looking to start a new business that involves edible oil filling.

Some of the primary application occasions and scenarios for the TOM DGP-Z Edible Oil Filling Machine include:

Edible oil production facilities

Food and beverage packaging companies

Commercial and industrial kitchens

Small and medium-sized businesses

Entrepreneurs starting a new business venture

In conclusion, if you are looking for a reliable and efficient Edible Oil Filling Machine that can handle different types of liquid materials, choose the TOM DGP-Z model. It is perfect for edible oil filling, palm oil filling, and olive oil packing, among other applications. Its automatic operation, high filling precision, and sturdy construction make it an excellent investment for any business that needs to streamline its packaging process and increase production output.

Customization:

With the TOM DGP-Z, you can easily fill and cap bottles ranging from 50ml to 1L or 1-5L, with a filling accuracy of ±0.5%. It is the perfect solution for Olive oil packing and other types of edible oils.
