

## Fully Automatic Capping / Pressing Machine For 5-30KG Pesticide Or Lubricant Buckets

Our Product Introduction

for more products please visit us on tom-packs.com

### Basic Information

- Place of Origin: Changzhou, China
- Brand Name: TOM
- Certification: CE, ISO
- Model Number: FZX-1T
- Minimum Order Quantity: 1 set
- Price: Negotiable
- Packaging Details: seaworthy packing
- Delivery Time: 30 days
- Payment Terms: T/T
- Supply Ability: 10 set per month

### Product Specification

- Power Supply: 220V 50HZ
- Whole Machine Max Power: 1.5KW
- Gas Source: 0.6MPa Clean And Stable Gas Source
- Production Capacity: 1000 Boxes/ H
- Machine Size: 2000x1200x2800mm
- Weight: 500kg
- Assembly Line Height: 950mm±50mm
- Suitable Cap Inner Mouth: ≤φ131mm
- Highlight: 5-30KG Automatic Capping Machine,  
Lubricant Automatic Capping Machine,  
Pesticide Automatic Capping Machine

**Overview:**

This product is mainly produced by our company for 5-30kg buckets, with a simple structure and controlled by PLC; Adopting automatic cap dropping form, automatic cap grabbing, positioning and pressing, no rotating/pressing without bucket.

Integrate the inner plug pressing and outer cap screwing into one machine, with one head for pressing the inner plug and one head for screwing the outer cap.

**Machine Main Features:**

1. The capping/pressing is done by robot arms. each cap pressing head is equipped with a torque effect control system, ensuring the effectiveness of the capping/pressing and avoiding cap damage. The capping head is equipped with a clutch device, and the tightness can be adjusted. When the bottle cap is tightened, the clutch disengages, avoiding cap damage and extending the service life of the capping head.
2. The speed of bottle feeding, capping, bottle conveying and cap sorting can all be adjusted by frequency conversion and can be adjusted separately on the touch screen, avoiding the occurrence of bottle tipping and block caused by inconsistent speed and improving working efficiency; All the inverters of the whole machine are made by Schneider, France, ensuring smooth and reliable operation speed of the whole machine.

**Packaging & Shipping**

1. the machine is packed by non-fumigation wooden case, and for keeping the wooden case more secure, we inserted the iron support inside wooden case, makes it suitable for long-term sea delivery.

#### Company Overview--Jiangsu Tom Group

Company covers an area of 150 mu	Office building
	
New factory processing center	Old factory processing center
	
Assembly workshop	After-sales service big data service center
	
Large meeting room	Reception room
	
Packaging material display area	Model workshop
