

Streamline Labeling Process Automatic Bottle Labeling Machine For Diameter 20-100mm

Our Product Introduction

for more products please visit us on tom-packs.com

Basic Information

- Place of Origin: China
- Brand Name: TOM
- Certification: CE
- Model Number: XJY-660E
- Minimum Order Quantity: 1
- Price: 18000-20000
- Packaging Details: seaworthy packing
- Delivery Time: 50 working days
- Payment Terms: 30% as deposit, 70% before shipment

Product Specification

- Warranty: 1 Year
- Power Consumption: 1.5kW
- Guarantee: 1 Year
- Type: Labeling Machine
- Max Label Width: 100mm
- Gas Source: 0.6MPa Clean And Stable Gas Source
- Labeling Speed: 2000-3000bph
- Max Bottle Diameter: 150mm
- Highlight: Streamline Process 100mm Labeling Machine, 100mm automatic bottle labeling machine, 20mm automatic bottle labeling machine

Product Description:

The Automatic Labeling Machine is a versatile and efficient solution for labeling various types of bottles with precision and ease. With a maximum bottle diameter of 150mm, this machine is suitable for labeling a wide range of bottle sizes efficiently.

Equipped with a robust design and high-quality components, this labeling machine is built to last, backed by a generous 1-year warranty for added peace of mind.

Featuring a label inner diameter of $\phi 76\text{mm}$, this machine is compatible with a variety of label sizes, making it suitable for different labeling requirements.

One of the standout features of this Automatic Labeling Machine is its capability for two sides labeling, allowing for efficient labeling on both sides of the bottle simultaneously. This functionality is particularly useful for square bottle labeling, ensuring a professional and uniform label application on all types of bottles.

With a gas source requirement of 0.6MPa clean and stable gas, this machine operates reliably and consistently, delivering consistent labeling results with precision.

The Automatic Labeling Machine is designed for optimal performance with a power consumption of 1.5kW, ensuring energy efficiency while maintaining high labeling accuracy.

Features:

Product Name: Automatic Labeling Machine

Guarantee: 1 Year

Warranty: 1 Year

Max Bottle Diameter: 150mm

Label Inner Diameter: $\phi 76\text{mm}$

Max Label Width: 100mm

Technical Parameters:

Bottle Diameter	20-100mm
Warranty	1 Year
Guarantee	1 Year
Gas Source	0.6MPa Clean And Stable Gas Source
Labeling Speed	2000-3000bph
Weight	800kg
Type	Labeling Machine
Delivery Port	Shanghai, China
Max Label Width	100mm
Labeling Accuracy	$\pm 1\text{mm}$

Applications:

The TOM XJY-660E Automatic Labeling Machine is a versatile and efficient labeling solution suitable for a wide range of product application occasions and scenarios. With its advanced features and precise labeling capabilities, this machine is ideal for various industries in need of high-quality labeling processes.

One of the key application scenarios for the TOM XJY-660E Automatic Labeling Machine is in the food and beverage industry. Whether labeling bottles, jars, or containers, this machine can handle different shapes and sizes with ease. The labeling accuracy of $\pm 1\text{mm}$ ensures that product labels are applied correctly every time, meeting the industry's standards for packaging and presentation.

Another common application occasion for this labeling machine is in the pharmaceutical industry. With the ability to perform two sides labeling, the TOM XJY-660E is perfect for labeling medicine bottles and other pharmaceutical products that require detailed and accurate labeling on multiple sides. The machine's power consumption of 1.5kW makes it an energy-efficient choice for pharmaceutical manufacturing facilities.

Manufacturers in the cosmetic and personal care industry can also benefit from the TOM XJY-660E Automatic Labeling Machine. The machine's maximum bottle diameter of 150mm allows for labeling a wide range of cosmetic containers, from small tubes to larger bottles. The CE certification ensures compliance with industry regulations and quality standards, making it a reliable choice for cosmetic packaging processes.

Whether used in a production line or as a standalone machine, the TOM XJY-660E Automatic Labeling Machine is designed to streamline labeling processes and improve efficiency. The minimum order quantity of 1 unit makes it accessible to businesses of all sizes, while the pricing range of \$18000-\$20000 offers a competitive investment for long-term labeling solutions.

With seaworthy packing for safe transportation and a guarantee of 1 year for peace of mind, the TOM XJY-660E Automatic Labeling Machine from China is a top choice for businesses looking to enhance their labeling operations. The delivery time of 50 working days and payment terms of 30% deposit and 70% before shipment make it a convenient and reliable option for businesses worldwide.

Support and Services:

The Automatic Labeling Machine product comes with comprehensive Product Technical Support and Services that aim to assist customers in maximizing the machine's performance and efficiency. Our team of experts is available to provide guidance on installation, setup, and operation of the machine, ensuring that it meets your specific labeling requirements. Additionally, we offer ongoing technical

support to address any issues that may arise during the usage of the machine, helping to minimize downtime and optimize productivity.
