

Streamline Your Labeling Process with .Automatic Labeling Machine Max Bottle Diameter 150mm

Our Product Introduction

for more products please visit us on tom-packs.com

Basic Information

- Place of Origin: China
- Brand Name: TOM
- Certification: CE
- Model Number: XJY-660E
- Minimum Order Quantity: 1
- Price: 18000-20000
- Packaging Details: seaworthy packing
- Delivery Time: 50 working days
- Payment Terms: 30% as deposit, 70% before shipment

Product Specification

- Warranty: 1 Year
- Gas Source: 0.6MPa Clean And Stable Gas Source
- Delivery Port: Shanghai, China
- Label Inner Diameter: $\phi 76\text{mm}$
- Labeling Accuracy: $\pm 1\text{mm}$
- Labeling Speed: 2000-3000bph
- Power Consumption: 1.5kW
- Weight: 800kg

Product Description

Product Description:

Featuring a label inner diameter of $\phi 76\text{mm}$, the Automatic Labeling Machine is designed to accommodate different label sizes with ease and accuracy. This flexibility makes it a versatile option for businesses looking to streamline their labeling process.

One of the standout features of this machine is its gas source requirement of 0.6MPa clean and stable gas source. This ensures reliable and consistent performance, crucial for high-volume labeling operations. The machine's ability to maintain optimal gas pressure contributes to its efficiency and precision, resulting in uniform and flawless labels on every product.

As a specialized labeling machine, the Automatic Labeling Machine is dedicated to providing superior results for square bottle labeling. Its robust construction and advanced technology make it well-suited for handling the unique requirements of square bottles, ensuring accurate and seamless application of labels.

Weighing 800kg, this labeling machine is sturdy and durable, built to withstand the demands of industrial labeling applications. Its heavy-duty design reflects its reliability and longevity, offering businesses a dependable solution for their labeling needs.

Whether you are labeling square bottles or other products, the Automatic Labeling Machine is a top-of-the-line choice for achieving consistent and professional results. Its precision, efficiency, and adaptability make it a valuable asset for businesses seeking to enhance their labeling process and elevate the presentation of their products.

Features:

Product Name: Automatic Labeling Machine

Weight: 800kg

Label Inner Diameter: $\phi 76\text{mm}$

Bottle Diameter: 20-100mm

Labeling Accuracy: $\pm 1\text{mm}$

Gas Source: 0.6MPa Clean And Stable Gas Source

Technical Parameters:

Warranty	1 Year
Guarantee	1 Year
Bottle Diameter	20-100mm
Max Bottle Diameter	150mm
Labeling Speed	2000-3000bph
Type	Labeling Machine
Weight	800kg
Delivery Port	Shanghai, China
Labeling Accuracy	$\pm 1\text{mm}$
Power Consumption	1.5kW

Applications:

The TOM XJY-660E Automatic Labeling Machine is a versatile and efficient labeling solution suitable for various product application occasions and scenarios. With its high-quality design and reliable performance, this labeling machine is perfect for businesses looking to streamline their labeling process.

Product Application Occasions:

Food and Beverage Industry: The TOM XJY-660E labeling machine is ideal for labeling bottles, jars, and containers in the food and beverage industry. It can handle different shapes and sizes, making it suitable for labeling various products.

Cosmetics Industry: This labeling machine is perfect for labeling cosmetic bottles and containers with precision and accuracy. Its $\pm 1\text{mm}$ labeling accuracy ensures that labels are applied correctly every time.

Pharmaceutical Industry: The TOM XJY-660E is also suitable for labeling pharmaceutical products, including medicine bottles and boxes. Its reliable performance guarantees efficient labeling for pharmaceutical companies.

Product Application Scenarios:

Two Sides Labeling: The TOM XJY-660E labeling machine is capable of applying labels on two sides of a product simultaneously, increasing productivity and efficiency in labeling operations.

Square Bottle Labeling: With its adjustable labeling mechanism, this machine can easily label square bottles of various sizes, providing flexibility for businesses with square-shaped products.

Manufactured in China, the TOM XJY-660E labeling machine comes with CE certification, ensuring compliance with international quality and safety standards. The minimum order quantity is 1 unit, and the price range is between \$18000 to \$20000. The machine is packaged in seaworthy packing for secure transportation and has a delivery time of 50 working days.

Payment terms for this labeling machine include 30% as a deposit and 70% before shipment. It comes with a 1-year guarantee and warranty, giving customers peace of mind regarding the product's performance and durability. The machine requires a 0.6MPa clean and stable gas source and has a maximum label width of 100mm, making it suitable for a wide range of labeling applications.

Support and Services:

The Automatic Labeling Machine product offers comprehensive Product Technical Support and Services to ensure optimal performance and functionality. Our skilled technicians provide troubleshooting assistance, maintenance services, and equipment upgrades to meet your specific needs. Additionally, we offer training programs to help you maximize the efficiency of your labeling machine. Our commitment to customer satisfaction means that you can rely on us for reliable support and services throughout the lifespan of your machine.
