

## Advanced Toilet Cleaning Liquid Filling Machine For Efficient Production

Our Product Introduction

for more products please visit us on [tom-packs.com](http://tom-packs.com)

### Basic Information

- Place of Origin: Jiangsu, China
- Brand Name: TOM
- Certification: CE ISO SGS
- Model Number: 500-3000ml
- Minimum Order Quantity: 1

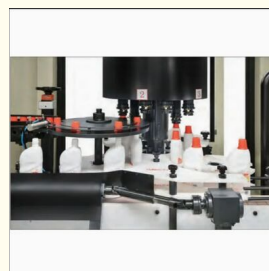

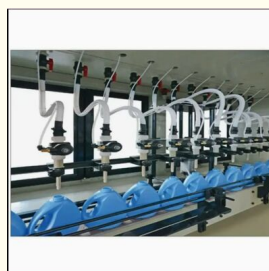

### Product Specification

- Highlight: Toilet Cleaning Liquid Filling Machine, Cleaning Liquid Filling Machine, Efficient Production Disinfectant Filling Machine

### More Images

## Product Description

Full Automatic 10ml-100ml Pesticide Rotary Tracking High Speed Filling Line

### Product Description

## Main features:

1. Suitable for high-speed filling of strong acid and strong alkali liquids in daily chemical industry;
2. The whole machine has compact structure, simple transmission, long service life of parts, convenient maintenance, few wearing parts and low operating noise.
3. It has advantages of high filling measurement accuracy, extremely fast filling speed and no dripping;
4. The exposed parts are made of stainless steel with coating, and the parts directly in contact with materials are made of non-metallic materials, which have great anti-corrosion performance;
5. The machine has beautiful and elegant appearance, does not pollute the environment, and meets GMP standards;
6. Bottle molds are used for filling special-shaped bottles in the daily chemical industry. To change specifications, you only need to replace the corresponding bottle molds to achieve efficient production change.

## Main parameters:

+86 13306111001

No.99, Rulin Town, Jintan District, Changzhou City, Jiangsu Province, China.

|                             |              |
|-----------------------------|--------------|
| Power supply                | AC380V       |
| Single line power           | 62KW         |
| Gas source pressure         | (0.6-1.0)MPa |
| Single line gas consumption | 1.2m³/h      |

Product Parameters

Intelligent workstation type bottle sorting machine (mechanical fallen bottle removal)

**Applicable bottle type:** diameter 20-60mm, height 50-150mm

**Production capacity:** ≤ 12000 bottles/hour

Main Configuration

[Advanced Toilet Cleaning Liquid Filling Machine for Efficient Production](#)

**GXXC-16-12 Intelligent Rotary Tracking Filling and Capping Integrated Machine**

Applicable bottle type: diameter 20-60mm, height 50-150mm, production capacity: 10-100ml ≤ 12000 bottles/hour

[Advanced Toilet Cleaning Liquid Filling Machine for Efficient Production](#)

**ZZP-2NA Automatic case packer**

Applicable bottle type: diameter 20-60mm, height 50-150mm. Carton specifications: length 300-500mm, width 200-400mm, Height 100-300mm  
Capacity: 6-8 boxes/min
