

Coating Solvent Filling Line Fully Automatical Control With Capping and ABB Palletizer

Our Product Introduction

for more products please visit us on tom-packs.com

Basic Information

- Place of Origin: China
- Brand Name: TOM
- Certification: CE/ISO9001/CO
- Model Number: TOM-Lubricant Filling Line
- Minimum Order Quantity: 1 set
- Price: Negotiable
- Packaging Details: Sea Worthy Packing
- Delivery Time: 60 Working Days
- Payment Terms: L/C, T/T, Western Union
- Supply Ability: 20 sets per month

Product Specification

- Automatic Grade: Automatic
- Type: Lubricant Filling Line For Lubricant Oil
- Warranty: 1 Year
- Capping Speed: 1000-5000 Bottle/Hour
- Voltage: 220/380V
- Suitable Bottle: 1000ml-5000ml
- Condition: New
- Material: SUS 304
- Application: For Round Bottle Or Square Bottle
- Highlight: fully automatic coating solvent filling line, ABB palletizer lubricant packaging line, automatic capping solvent filling machine

Product Description

Fully Automatic Lubricant Filling Line For 1-5L Lubricant Bottle

Main characteristics:

It is Lubricant Filling Packaging Line is special designed for lubricant filling, including inlet bottle, filling, capping, induction sealing, labeling, carton open, packing, carton sealing and robot stacking.

Major Parameters:

No.	Items	Performance
01	Power supply	AC220V; 50Hz (may customized)
02	Power	25 Kw
03	Air source	0.55Mpa-0.6Mpa clean and stable compressed air
04	Bottle diameter (minimum)	customized
05	Bottle diameter	customized
06	Bottle height	customized
07	Filling product	Liquid
08	Filling range	1000ml-5000ml
09	Number of filling nozzles	12
10	Number of capping heads	1
11	Production capacity	1000 ml 3000 bph; 5000ml 2000 bph
12	Machine weight	about 3000Kg
13	Line dimension (L×W×H)	35000mm×1400mm×2500mm

Detailed Introduce:

Overview

Advantages of production line products:

In accordance with the basic principles of "stable, massive, intelligent, safe, environmentally friendly and humanized", we design a first-class packaging production line for the daily chemical preparation industry.

Stabilization:

In the past 25years since the establishment of the Tom Group, the equipment produced at the beginning of the factory has been used normally at the customer's site. At the customer's site, Tom's factory equipment has been in operation for 10 years or even more than 15 years.

Tom's R&D team is constantly improving and improving. There are dozens of technicians with 20 or 30 years of experience in the industry. The equipment installation and production site has more than ten years of experience in assembly and debugging, so that professional people can do professional things and let each one People continue to shine in the most suitable positions. assembly and technical personnel in other companies can't work more than five years.

Massive:

When many equipment manufacturers use 1.5mm thick steel plates or thinner steel plates, Tom has been firmly using steel plates that are 50% thicker than other manufacturers, regardless of cost, only to make Tom's factory equipment have a longer use. to create greater profit margins for customers.

Packaging & shipping:

Company Information

Tom Group is a real honest entity enterprise. All stainless steel raw materials purchased are produced by the top 3 enterprises in the National Stainless Steel Industry Association, and all electrical components are imported from well-known brands. We have several advanced large-scale laser cutting machines, large-scale CNC machine tools, machining centers and other production equipment totaling 80 million yuan (about 95% of Tom Group's parts are processed and produced by ourselves)

Tom is growing fast and has large scale of production

The group covers an area of 150 acres, with a construction area of 120,558 square meters, and has more than 720 front-line production employees. We have the world's first-class technology luxury showroom and Tom's formalized conference hall that can accommodate more than 500 people.

The branch of Tom Group---"Jiangsu Thomson Intelligent Equipment Co., Ltd." was built with huge investment and is famous in the six major development zones in Changzhou. It is highly praised by government personnel and customers, and is called "The Little White House of Jintan"/"Tom Little White House".

Tom Group has high sales and will achieve sales of 700 million yuan in 2021. The leaders are very concerned about Jiangsu Tom Group,

Premier Wen Jiabao has visited the company in person. National High-Tech Enterprise. It is an EU CE certified enterprise, an enterprise that has obtained the National Innovation Fund, a member enterprise of the World Trade Center, and has a total of 151 patents.

pesticide / veterinary medicine, fertilizer and chemical filling line - the first brand in China.

Among the top 100 companies in China's pesticide / veterinary medicine, fertilizer and chemical industry, 96 of them are Tom's loyal customers. Tom's brand ranks first in the industry with a market share of 67%. (The following are some customer logos)
